PLAN SUMMARY STATEMENT

This plan summary accurately reflects the content of the toxic substance reduction plan for Dichloromethane prepared by Sluyter Company Ltd. dated October 13, 2015.

STATEMENT OF INTENT

Sluyter Company Ltd. is committed to playing a leadership role in protecting the environment. Whenever possible, Sluyter Company Ltd. will continue to work to reduce the use, creation and discharge of the toxic substances in full compliance with all federal and provincial regulations. We will continue to monitor technological advancements to ensure that options that are both technologically and financially viable are implemented at our facility.

REDUCTION OBJECTIVES

Sluyter Company Ltd. does not currently intend to reduce the use or creation of these toxic substances at the facility because no technically and economically feasible reduction options could be identified.

DESCRIPTION OF SUBSTANCES

Non-formulated product is sold as Dichloromethane to customers who order this as a specific solvent. As for the formulated products, the Dichloromethane is used to manufacture Non-Flammable Foam Adhesives which is used in upholstery manufacturing and repair shops for the manufacture of upholstered furniture.

TOXIC SUBSTANCE REDUCTION OPTION TO BE IMPLEMENTED

No technically and economically feasible reduction options were identified, so therefore no reduction options are to be implemented at this time.

Date of Plan: October 13, 2015
